

## ABB IRB 340SAS

Need a robot for a food or pharmaceutical application? The used ABB IRB 340SAS is outfitted with a stainless steel coating, making it easy to clean. This nimble delta robot is capable of moving objects carefully and quickly. For a slightly larger payload, choose the 2kg version, the used IRB 340SAS/2.

All used IRB 340SAS robots go through an intense refurbishment process and are brought back to like-new condition by the experts at RobotWorx. Every reconditioned ABB IRB 340SAS includes the RobotWorx Value Package.

For more information about the ABB IRB 340SAS, contact a Robotworx representative today at 740-251-4312.

### Robot Information

#### Robot Specifications

Axes:..... 4  
 Payload:..... 1 kg  
 H-Reach:..... 1130 mm  
 Repeatability: ± mm  
 Robot Mass: 165 kg  
 Structure: ..... Delta  
 Mounting: ..... Inverted
